To complement your MetLife life insurance coverage, you have access to Travel Assistance<sup>1</sup> services, a useful program giving you and covered family members<sup>2</sup> access to travel assistance professionals at AXA Assistance USA, Inc. when traveling within the U.S. or abroad. They have the expertise to help when you need emergency medical, travel and personal assistance.

### Professional help, just a phone call away

Everyone wants a stress-free trip, but unforeseen events can happen. The good news is that AXA representatives are by your side if an emergency occurs while traveling internationally or domestically.<sup>3</sup> With one simple phone call, you can access:

- Over 600,000 pre-qualified providers worldwide.
- Air and ground ambulance service.
- Trained, multilingual professionals who can advise and help you quickly in a travel emergency.

### Emergency benefits

#### Emergency medical evacuation services and return of remains

If medical facilities aren't available locally, the program will provide the resources needed to get you and your covered family members<sup>2</sup> to the nearest medical facility for treatment—or back home if medically necessary. If you or a covered family member passes away while traveling, AXA will transport the remains back home and cover the associated costs.

#### Political and natural disaster evacuation

AXA can provide transportation services when the country where eligible participants are located needs to be evacuated based on a determination of the U.S. government. In addition, if a natural disaster strikes, AXA can coordinate and arrange to evacuate eligible participants from a safe departure point to a safe destination.

#### Dispatch of physician

If the local attending, legally qualified physician and AXA cannot adequately assess the member's need for medical evacuation and transportation, AXA will coordinate, provide and dispatch a physician to assist in the assessment. AXA will provide a benefit of up to \$2,500.

#### Pet repatriation

If a pet traveling with you is left unattended due to your hospitalization, AXA will coordinate and provide boarding for the pet. If the injury or illness results in an evacuation or repatriation service, AXA will coordinate and provide transportation for the pet to return home or to a boarding facility near home. AXA will provide a benefit of up to \$2,500.
